EFFECTIVE IMMEDIATELY, the 1962 subscription rate for TNC will be \$7.00 per year (single issues, \$1.50; indexes, \$1.00, if purchased separately). Your Editor is faced with either ceasing publication altogether or raising the rate so he can hire a little assistance--compiling, editing, publishing, and distributing TNC is too much for just one person. Several friends (subscribers as well as non-subscribers) have strongly urged your Editor to raise the rate to \$10.00 per year. However, \$7.00 will be the rate for 1962, and if that is too low, the rate will be \$10.00 for 1963.

NOTE THAT this issue of TNC has two extra pages. Page 877 is dedicated to Zae Hargett Gwynn's monumental works, "Records of Onslow Co., N. C., 1734-1850." Page 878 is an ancestral chart showing your Editor's paternal ancestry for seven generations. This is in response to the many persons who have written to your Editor re: his ancestry, and especially to enquire about his Perry ancestors (he has none, to his knowledge!). His maternal ancestry will appear in a forthcoming issue of TNC.

THERE WILL be a minimum charge of \$1.00 to cover the cost of handling and mailing of unsolicited books and manuscripts back to the senders.

TNC'S EDITOR regrets that at present he has neither the time to read the many splendid genealogical publications now being published, nor the time and space in which to file the copies. Therefore, it is TNC's policy beginning in 1962 that no exchange of publications can be made, except for 1-year-only exchanges with brand new publications.

FOR THE benefit of new subscribers, your Editor must again request that subscribers allow 90 days for the delivery of each issue of TNC. In other words, do not write until June to enquire about not having received your March issue of TNC; wait until September to enquire about your June issue; do not write before December to enquire about your September issue; and so on. At the current low subscription rate your Editor cannot always manage (not being financially able to hire assistance) to get each issue of TNC mailed out on time.

AT LONG LAST! The 1955 and 1956 Annual Indexes to TNC have been completed and mailed to all who ordered them, or the original 5-Year Index. The 1957, 1958, 1959 Annual Indexes to TNC will be mailed to all in the near future. In the meantime, persons may purchase the 1955, 1956, and 1960 Indexes for \$1.00 each.

SINCE THE first of the year, ads and queries are 5 cents per word to subscribers, and 10 cents to non-subscribers (TNC, pp. 738,770,800,837).

THE NORTH CAROLINIAN, William Perry Johnson, Editor, P. O. Box 531, Raleigh, N. C.; \$5.00 per year (\$7.00 for 1962). Single issues, \$1.50.

TYRRELL COUNTY: 1755 TAX LIST

Tyrrell County, North Carolina, was formed in 1729 from Bertie, Chowan, Currituck, and Pasquotank Counties (all counties called precincts prior to 1739). In 1729 Tyrrell County embraced all of the present-day counties of Tyrrell and Washington, most of Dare County, and the southeastern third of Martin County. The boundaries of Tyrrell County remained virtually unchanged from 1729 until 1774, when Martin County was formed from Halifax and Tyrrell Counties. Washington County was formed in 1799 from Tyrrell County. Dare County was formed in 1870 from Currituck, Hyde, and Tyrrell Counties.

Thus this 1755 Tax List (Archives, File No. T.O.105), the earliest one located for Tyrrell County (the next one is dated 1782), includes the early settlers in Tyrrell and Washington Counties, most of Dare County, and part of Martin County, as explained above.

This 1755 Tax List of Tyrrell County, North Carolina, is reproduced in full, below. The first figure following each name is the total number of white tithables; the second number, the number of black polls.

ASHE COUNTY MARRIAGE BONDS, 1799-1850

Ashe County, North Carolina, was formed in 1799 from Wilkes County, and embraced the present-day counties of Ashe and Alleghany (Alleghany formed 1859 from Ashe). Approximately 870 Ashe County marriage bonds, dating from 1828 to 1872, are on file in the Archives in Raleigh, with the bulk of the bonds dated in the 1840's, 1850's, and 1860's.

The Marriage Register in the Ashe County courthouse does not begin until 1851. There are, however, 417 loose marriage bonds in file boxes in the courthouse, which bonds are unrecorded, and there is no listing of them in the Archives in Raleigh. Following is a listing of these 417 Ashe County marriage bonds, dated 1817 through 1850 (no marriage bonds have been located for the years 1799 through 1816):-

MECKLENBURG COUNTY ESTATES, 1762-1800

Mecklenburg Co., N. C., was formed in 1762 from Anson County. In 1768 Tryon Co. was formed from Mecklenburg Co. (Tryon Co. abolished in 1779 and made into Lincoln and Rutherford Cos.). Cabarrus Co. formed 1792 from Mecklenburg; Union Co. formed 1842 from Mecklenburg and Anson Cos.

In the Archives in Raleigh there are 124 file boxes (loose papers) of Mecklenburg Co. estate papers, dating from 1762 to the Civil War period. Below is a brief listing of these estate papers for the years 1762-1800. In consulting these records bear in mind that from 1762 to 1768 Mecklenburg Co. took in all of the white settlements lying directly west as far as they extended. Also, from 1762 to 1792 Mecklenburg included the area which became Cabarrus Co. in 1792; and from 1762 to 1800 Mecklenburg included the western half of present-day Union Co. (formed in 1842).

Many of the estate papers are almost too fragile to handle. In many instances there is only a one-page document, or a fragment thereof, preserved. In other instances there are several papers pertaining to one estate. When there are estate papers for two or more individuals with the same name, all papers for the several estates may be found, unseparated, in the same folder. Due to variations in spellings of a name, estate papers for the same individual may be found in two or more widely separated folders.

In the listing, below, the name of the deceased is given, and, in most cases, the earliest date given on the papers, which is usually the year of his (or her) decease. However, many estates took several years to settle, and it was often too difficult and time-consuming to locate the proper dates. It is recommended that full copies (photostats) be obtained from the Archives. These papers include data on individuals dying intestate (without wills), as well as on those dying testate (with wills).

The most exciting genealogical news in many a year is Judge Folks Huxford's announcement of his new publication, "The Georgia Genealogical Magazine"! Judge Huxford is undertaking to provide reliable Georgia genealogical source material for researchers everywhere, and the task could not be in better, more capable hands. The Judge has devoted many years to genealogical pursuits, and the past ten years has published four volumes (see ad, below) of genealogical material. The first issue of "The Georgia Genealogical Magazine" is dated July 1961 and contained a wealth of genealogical material, including: Burke Co. Registrants, 1805 Land Lottery; Early migrations (from public records); marriages and deaths from old Ga. newspapers; Camden Co. marriage licenses, 1819-1865; Camden Co. wills and appraisements, Book A, 1795-1829; and Minutes, Camden Inferior Court, 1802-1810 (a small query section will be included in future issues). tax; after 1 Jan. 1962 the price will be \$35.00 plus sales tax.
